Request for Evaluation of College Work Completed Prior to Admission to Barnard

The Barnard College Catalogue states:

First-year students with a record of prior coursework taken as non-matriculants at an accredited college in the United States may request up to 15 points of transfer credit. Such work will be evaluated after the student has completed 12 points at Barnard.

The courses must be intended primarily for college students and taught at the college by members of its faculty, and must be in excess of the courses required for the high school diploma. With the exception of Advanced Placement courses overseen by the College Board, courses taught in a high school, either by specially trained high school teachers or by college instructors, will not be credited toward the Barnard degree.

Please evaluate my prior-to-Barnard credit. I have arranged for a transcript to be sent to the Office of the Registrar.
